

# PERMANENT MAGNET YOKES

## PM2004

Gammatec's powerful Permanent Magnet Yoke will certainly lift your inspection capabilities above the mediocre. Offering flexibility, ease of handling and superior lifting power this yoke **never needs recharging** as it is powered by Permanent Magnets.

### **Flexibility**

Using our new Rope yoke makes working on difficult shapes or awkward angles really easy. Replaceable foot pieces means that your yoke will always work at optimum performance.

### **Ease of Handling**

We have designed our yoke to be lightweight with a comfortable, ergonomic grip to reduce operator fatigue.

### **Superior Lifting Power**

Our yoke conforms to and surpasses the requirements of ASME V Article 7 and ASTM E 709, easily lifting weights of 18kg (40lbs).

The Permanent Magnets can operate at temperatures of up to 120°C and, due to their seating within the legs, can withstand severe impact.

### **Warranty**

Our yoke is sold with a 12 month Warranty against defective materials or workmanship. This does not include the Rope.
